History

Moorings Yacht Club – the fully functioning yacht club within the Moorings Yacht & Country Club – has been in existence since 1993. Its 300-plus members are drawn from within the MYCC’s 1,000 member ranks, and its volunteer members and designated executive board organize cruises, regattas, informational speakers and special on-the-water events, and maintain a lively social calendar within the larger club’s venue. Throughout our history, we have built docks at the Moorings, helped sustain the channels, applied, obtained, and maintained the FCYC membership and interfaced with regulatory bodies for environmental and boating safety matters.

Dining Services

The Moorings Yacht & Country Club is nestled into one of many coves on one of Florida’s most vibrant estuaries: The Indian River Lagoon. The pool area and Dockside Grille are the hub of the Club and are the first thing a boater encounters coming off the docks. They are adjoined by the Commodore’s Room on the same ground level with slightly more formality. The Club’s upstairs is for events and evening dining, some of it casual and some of it traditional. Dining is available seven days a week from November to April,

but summer hours are reduced, and the club is closed on Mondays from May to October.

Marina and docks

The Moorings docks – to be completed in 2026 – provide up to three floating slips for FCYC visiting boaters and are situated directly off the clubhouse and River House. Entrance to the docks from the ICW is marked along the Indian River and follows a channel east and then north around several inlets. Advance reservations are required. Upon arrival, Moorings Yacht Club makes every effort to provide a greeter to answer questions. Contact Michela Caple at 772-231-1004 to make arrangements.

Our Club

Moorings Yacht & Country Club is both a full-service country club and a yacht club, providing golf, multiple racquet sports, croquet, and advanced fitness center with spa. The Club’s uniqueness centers on being family friendly, tastefully contemporary, and supportive of the environment and its inhabitants. As a full-service club, we offer social and culinary experiences throughout two campuses, one on the river and one on the mainland. Nearby accommodations include The Caribbean Court, Prestige, Costa d’ Este and the Vero Beach Hotel.
