Welcome to Coral Ridge Yacht Club

Since 1947, Coral Ridge Yacht Club (CRYC) has stood as a beacon of luxury, community, and maritime excellence. Nestled along the picturesque Fort Lauderdale Intracoastal Waterway, our Club seamlessly blends tradition with modern amenities, offering an unparalleled waterfront experience. Whether you're here for a day on the water, a gourmet dining experience, or an evening with friends, CRYC provides an inviting atmosphere where Members create lifelong memories.

History of Coral Ridge Yacht Club

Founded in 1947, Coral Ridge Yacht Club was envisioned by Hal E. Wolfe and Coral Ridge Properties owners James S. Hunt and Stephen Calder. The Club quickly became a premier social and boating destination in South Florida. Today, we continue our commitment to offering a premier yachting and social experience for Members and guests.

Dining & Social Scene

At CRYC, dining is more than a meal, it's an experience. Members can indulge in exquisite cuisine while enjoying breathtaking views of the Intracoastal Waterway. Whether dining al fresco on the patio of the Burgee Bar, enjoying a fine meal in our intimate Wheel Room, or unwinding with a cocktail at our waterfront restaurant, The Pointe, CRYC offers a variety of options to suit every occasion.

Marina & Boating

CRYC's private marina boasts 56 dock slips with stunning views of Sunrise Bay. As a Member of the Florida Council of Yacht Clubs, we extend a warm welcome to our transient guests and from recognized setting sail for adventure or enjoying a sunset cruise, CRYC is the perfect harbor for your boating lifestyle.

Amenities

Swimming Pool: Our heated resort-style pool offers the best views in town, overlooking the Intracoastal Waterway. Members can relax, enjoy a cocktail, or participate in water aerobics. Sunday "fun days" at the pool create a perfect social atmosphere.
