History

The Key Biscayne Yacht Club was founded in 1955 by island residents united by a love of the sea and a vision of community. With just a \$5 contribution from each of the 182 charter members, they installed a portable hoist and began creating a space for boating, family, and friendship. Early efforts established a club built on shared values and a passion for life on the water. Over time, members dredged the basin, constructed docks, and built a clubhouse overlooking Biscayne Bay. What began as a small neighborhood project has grown into a cherished gathering place for generations of sailors, families, and friends who continue to embrace the club's founding spirit.

Dining

The Key Biscayne Yacht Club offers a diverse range of dining and beverage experiences across its beautiful waterfront venues. Members can enjoy casual meals in the Chart Room, poolside and bayside favorites at the Gazebo, lively entertainment at the Burgee Bar, crafted cocktails in the Commodore's Lounge, or elegant dinners in the Biscayne Room. The Club also hosts a variety of specialty events throughout the year, including Oktoberfest, Halloween parties, wine dinners, trivia nights, and holiday celebrations like Thanksgiving, Easter, and Mother's Day. The year culminates with the beloved Kids' Christmas celebration, reflecting the Club's welcoming spirit and emphasis on community and tradition.
