Dockmaster: 239-264-6008

Our marina is quite protected. Our slips without lifts are on floating docks, built in 2018. Besides water, ice, and electricity, we have a pump-out, and both diesel and ethanol- free gas. We also have kayaks. We have a gas grill poolside for guests. No open flames on the docks.

Several dining options are available. We have indoor dining, for when you believe it's too hot or too cold outside. We have seating in our screen porch, and around our shaded outdoor bar. We also have our Bosun's Lounge, an indoor bar where people occasionally dine. Unless it's a special event, gentlemen are not required to wear jackets. Shorts are commonly worn. All shirts must have a collar. Designer jeans are allowed. Caps should not be worn indoors. Ladies may wear hats, men may not. No gratuity surcharges are applied.

Our pool is just steps from the docks and is heated in the winter. The perfect way to finish a day on the water. A bar and dining area is by the pool. Next to the pool is our Harbour House, which houses our bathrooms and laundry room. Yes, we have a complimentary washer and dryer. Unless previously reserved for a club event, visiting boaters can use the Harbour House, which has two TVs with tables and chairs.

For recreation we have Bocce Ball courts, as well as Tennis Courts. Bicycles are available.

We have two hotels about 1.5 miles away. The Residence Inn, <https://www.marriott.com/en-us/hotels/rswri-residence-inn-fort-myers/overview/>, and the La Quinta Inn, www.wyndhamhotels.com/laquinta
